## 1. Commitment to Achieving Net Zero

Arribatec UK Ltd is committed to achieving Net Zero greenhouse gas emissions by 2050, in line with the UK Government's Procurement Policy Note 06/21 and Arribatec Group's established environmental commitments. The wider Arribatec Group has set an ambition to be carbon neutral by 2030, supported by annual ESG reporting and formal emissions tracking.

## 2. Baseline Emissions Footprint

As a cloud consultancy service provider with no physical manufacturing or logistics fleet, our emissions are primarily related to office electricity and employee activities.

Baseline Year: 2023

Baseline Year: 2023

Scope 1 emissions: 3.9 tCO<sub>2</sub>e

Scope 2 emissions: 225.8 tCO<sub>2</sub>e

Scope 3 emissions: Currently being measured and will be published as part of Arribatec UK Ltd.'s Net Positive Futures sustainability action plan. Scope 3 emissions are relevant to our operations and will be disclosed in full once UK-specific data capture is complete.

## 3. Current Emissions Reporting Year (2024/25)

Full UK-specific figures will be measured and published upon completion of the NetPositive Futures sustainability action plan.

Arribatec UK Ltd is currently completing UK-specific emissions measurement for the 2024/25 reporting year. Full Scope 1, 2 and relevant Scope 3 emissions will be published upon completion of the NetPositive Futures sustainability action plan

## 4. Carbon Reduction Initiatives

### Completed Measures:

- Transition to electric vehicles across the Group fleet.
- Reduction of business travel through remote working.
- Use of green-energy-certified data centres.
- Recycling and reuse initiatives targeting 100% reuse of electrical waste by 2026.
- Environmental initiatives including tree planting and community volunteering.
- Annual ESG measurement through Position Green.

### Planned Measures:

- ESG training for all employees by end of 2026.
- ESG training extension across partners and clients by 2028.
- Full supplier ESG toolbox rollout by 2027.
- UK-specific carbon-reduction strategy development.
- Annual CRP publication.

## 5. Carbon Reduction Targets

- 50% reduction in Scope 1 and 2 emissions by 2035.
- Full Net Zero by 2050.
- Annual reduction via action plans and supplier engagement.

# Arribatec.

## 6. Governance, Monitoring and Reporting

- Annual emissions reporting through Group ESG reporters.
- Position Green for data capture.
- Alignment with GRI standards.
- UK alignment with NetPositive Futures.

## 7. Declaration and Sign-off

This Carbon Reduction Plan has been completed in accordance with PPN 006 and associated guidance and reporting standard for Carbon Reduction Plans.

Emissions have been reported and recorded in accordance with the published reporting standard for Carbon Reduction Plans and the GHG Reporting Protocol corporate standard and uses the appropriate government emission conversion factors for greenhouse gas company reporting

Scope 1 and Scope 2 emissions have been reported in accordance with SECR requirements (where required), and the required subset of Scope 3 emissions have been reported in accordance with the published reporting standard for Carbon Reduction Plans and the Corporate Value Chain (Scope 3) Standard.

This Carbon Reduction Plan has been reviewed and approved by the Board of Arribatec UK Ltd.

Signed:

**Allan Burrows**  
**Director, Business Services UK**  
Arribatec UK Ltd

Date: 17<sup>th</sup> April 2026

## 8. Publication

This Carbon Reduction Plan is published on the Arribatec website and updated annually in line with PPN 06/21.
